Dear Sir/ Madam

RE: Request for in Service Training

A lack of workplace knowledge and experience is a huge stumbling block for graduates entering the world of work. It limits their ability to access work and their ability to cope in a work environment. The Minister of Higher Education and Training reconfirmed the role of TVET colleges in providing work experience for students and graduates to bridge their entry into the world of work. "We now know that college training is, on its own, not enough. If workplace learning does not complement the learning done at colleges, we could well find that the youngsters we work so hard to train remain unemployed after they qualified." (Address made by Dr. Blade Nzimande on 23 February 2010)

WORKPLACE BASED EXPERIENCE (WBE) OFFICE:

This is the placement office where students are placed either for in-service training or experiential learning.

- Our vision is the attainment by our students of the knowledge and skills required by prospective employers through workplace-based experience.
- Workplace-Based Experience plays an essential role in preparing students for employability.
- It provides students with an understanding of the nature of the workplaces in their chosen field of training and builds their capacity to apply their college learning in the context of real workplace operations.
- It provides workplace-relevant social and communication skills, which enable students to effectively work in teams and engage with customers.
- It is also a key ingredient in graduates being able to start and succeed in their own business ventures.-

We are looking for a company who is willing to host our student **Sinele Radebe : 0002145356081** who has completed his/her **Travel & Tourism theory**. He/ She needs to do in-service training for 18 months in order for his/her to obtain his/her National Diploma in **Tourism Management**. **The Company is not obliged to offer any stipends / remuneration to students**. The only cost to the company is the notional one of supervising the students during their time of placement. To ensure the smooth implementation of placement of students, the College agrees to:

- Liaise with and brief designated employer representative on all matters relating to the student placement programs including the nature of the work experience to be provided and the management of students
- resolve any performance and disciplinary matters that arise

Ensure that students:

- Are properly briefed on the in-service training and the employer prior to the placement
