Conservation fee R100 pp - compulsory

Sightings of great whites over the last 8 years in 3 of the great white shark hotspots in South Africa, namely Mossel Bay, Gansbaai and Cape Town, have become unpredictable and sporadic. We have been operating shark tours and cage diving with other shark species. All the species we focus on are large, powerful, and active predators sure to give your guests an incredible once in a lifetime experience. At Seal Island we have been enjoying sightings of the bronze whaler shark (growing to 3.5 meters) and / or seven gill sharks, and off Cape Point, mako and blue sharks. These large predatory sharks are generally very interactive, coming close to cages and are very inquisitive. The trips these past years have been equally successful and guest feedback of dives with these other species has been outstanding.

Cancellation Policy If the trip is cancelled due to inclement weather, there is NO charge. This decision is made by the skipper, is based on wind, and swell conditions. We will try to reschedule if we have availability. 1-5 guests: 30 days or more before the time of start date: no cancellation fee; Less than 30 days before start date: 50% of the fee; Less than 15 days before start date: 100% of the fee; No show or late arrival: 100% of the fee. 6+ Guests & Exclusive Charters: Full payment is due upon booking. Cancellation hereafter is 100% of the fee. Refunded only on bad weather cancellation.
